

Dear Membership,

NAWGJ is announcing a possible membership “scam”. Recently a member received a phone call soliciting her membership renewal of three years for the price of two. This was by a phone call and the caller was asking for a credit card number or a check to be sent. NAWGJ has not or will not ever call you with this type of request. As a member you will receive a membership renewal reminder sent from our National Treasurer’s office. If we ever make the decision to offer credit card payments you will be notified first by your SJD.

Carole Ide, President
