NAWGJ is seeking educational videos, study aides, lectures, games, and other materials to highlight at the National Symposium. Projects can be newly developed or an existing work. The National Education Committee will select several projects for display or presentation at the 2019 National Symposium. In addition, some projects will be selected for posting on the NAWGJ national website.

Awards will be given in several categories such as Best In Show, Outstanding Video Project Award, Most Effective Study Aid, and many more! You can win a full or partial registration to National Symposium or one of many other special prizes. All finalists will be invited to display their projects at the exhibition hall during the opening reception at National Symposium.

Acceptable formats (or their equivalent) include PDF, mp4 video, Power Point, tablet apps, graphic drawings, Quizlets, IBooks, or other sharable applications. If you have questions about acceptable formats, contact Cookie Batsche (cbatsche@tampabay.rr.com) for additional information.

In order to be eligible for awards, projects must:

- ✓ Be based on the new 2018-22 Optional Code of Points, 2018 XCEL Code of Points, or JO Compulsory manual (unless the rules are not an inherent part of the project, e.g., projects on professionalism, motivation, leadership)
- ✓ Use original source content—no copyrighted or commercially protected materials may be included. However, projects may use standard technology platforms, productivity apps, or templates such as Power Point, video editing programs, electronic flash cards, etc.
- ✓ Include photo/video release forms signed by parents/guardians of gymnasts of minor age. Photo/video release forms for adult athletes must be signed by the athlete. The release form must state that consent, if given, may be revoked at any time.
- ✓ Include a statement by the developer (you) agreeing to allow NAWGJ to post the material on the national website and/or to be used in clinics (see attached form).
- ✓ Not include advertisements for businesses, products, or services.

Projects will be accepted through November 1, 2018. Winners will be announced in February, 2019, just in time for you to register for National Symposium. Complete the attached form and submit a copy of your projects by share drive, (e.g., Drop Box, Google Drive), email, or mail to:
